

‘Business Champions - Turning Passion for Portsmouth in to Action in the Community’

We are delighted to report that we are about to sign up our 100th Business Champion. During the last 10 months we have supported over 50 community and voluntary groups and run 3 successful workshops on marketing, networking and charity law.

The Champions for the Community initiative works with skilled local professionals, business people and others who want to give something back to their local area. It carefully matches individuals with existing community and voluntary groups across the whole of **South East Hampshire** who need help to develop and grow. The initiative is about bringing people together for the benefit of our whole community.

The Champions offer individual business advice, professional workshops and challenge teams.
